Experience

Interior Designer, TSP inc.

August 2021 – August 2025

Throughout this role my responsibilities included space planning, meeting with clients, selecting finishes and or FF&E, producing construction drawings, rendering, and specification writing. This role allowed me to strengthen my revit skills, present to clients, and communicate with the design and engineering team on a daily basis. From this experience I have gained great knowledge in the construction process through site visits and construction administration as well as how to clearly communicate with contractors and clients.

Education

Sep 2017 – May 2021

Bachelor of Science, Interior Design North Dakota State University

Certifications

NCIDQ Certified as of Oct. 2024

NCIDQ #419106
